

Harvard Medical School Curriculum Vitae

Date Prepared: May 24, 2022
Name: Ashley L. O'Donoghue
Office Address: 330 Brookline Ave, Boston, MA 02215
Work Email: aodonogh@bidmc.harvard.edu

Education:

2015	BA	Economics, Mathematics	Assumption College
2017	MA	Economics	Clark University
2020	PhD	Economics (Advisor: Wayne Gray)	Clark University

Postdoctoral Training:

2021 -	Research Fellow in Medicine	Department of Medicine	Beth Israel Deaconess Medical Center
--------	--------------------------------	------------------------	---

Appointments at Hospitals/Affiliated Institutions:

2018 - 2020	Pre-Doctoral Research Fellow	Center for Healthcare Delivery Science	Beth Israel Deaconess Medical Center
2020 -	Economist	Center for Healthcare Delivery Science	Beth Israel Deaconess Medical Center

Other Professional Positions:

2014 - 2015	Research Intern	Worcester Regional Research Bureau
2015 - 2019	Teaching Assistant	Clark University
2016 - 2018	Summer Research Assistant	Clark University
2018 - 2019	Instructor	Clark University

Committee Service:

National

2020 -	Scientific Review Committee	American Society of Health Economists
--------	-----------------------------	--

Professional Societies:

2018 - 2019	International Union for the Scientific Study of Population	Member
2019 - 2020	Midwest Economic Association	Member
2019 - 2019	Southern Economic Association	Member
2019 -	American Society of Health Economists	Member
2020 -	AcademyHealth	Member
2020 -	American Economic Association	Member
2020 -	International Health Economics Association	Member
2020 -	International Health Economics Association Early Career Researchers Special Interest Group	Member
2020 -	International Health Economics Association COVID-19 Research Group	Member

Editorial Activities:*Ad hoc Reviewer*

JAMA

JAMA Health Forum

JAMA Psychiatry

JAMA Network Open

Scientific Reports

Honors and Prizes:

2011	Presidential scholarship	Assumption College	Merit-based
2011 - 2014	Dean's List	Assumption College	
2014	Kappa Mu Epsilon	Assumption College	Mathematics honors society
2014	Omicron Delta Epsilon	Assumption College	Economics honors society
2014	Conference Travel Award	Assumption College	
2015	Full tuition remission	Clark University	Merit-based
2017	Best Teaching Assistant in Economics	Department of Economics, Clark University	Departmental award
2018	Best Teaching Assistant in Economics	Department of Economics, Clark University	Departmental award

2019	Outstanding Teaching Assistant of the Year	Clark University	University award
2020	First Place	Massachusetts Institute of Technology Covid-19 Challenge Datathon	Lead of winning team

Report of Funded and Unfunded Projects

Past

2018 - 2022 A new approach to patient safety: identifying risky clinical states to reduce preventable harms for hospitalized patients
Doris Duke Charitable Foundation
Co-Investigator (PI: Jennifer Stevens)
Despite ambitious efforts to improve the safety of hospitalized patients, the rate of preventable harms remains unchanged. Our proposal will develop and refine a tool to quantify the level of risk of preventable patient harms of intensive care units, prospectively validate this tool, and spread this tool to a new clinical environment.

Current

2020 - 2022 Quantifying secondary health impacts of Covid-19
Google.org
Co-Investigator (PI: Jennifer Stevens)
The goal of this project is to quantify the impact of Covid-19 on non-Covid-associated healthcare. A fundamental hypothesis is that preventive care and routine care will be delayed and deferred, leading to subsequent increased healthcare utilization

Report of Local Teaching and Training

Teaching of Students in Courses:

2015 - 2016	Teaching Assistant, Economics and the World Economy 50 undergraduate students Student evaluations: 4.5/5.0 and 4.6/5.0	Clark University 17.5 hours per week
2016 - 2017	Teaching Assistant, Introduction to Statistics 40 undergraduate students Student evaluations: 4.9/5.0 and 4.8/5.0	Clark University 17.5 hours per week
2017	Teaching Assistant, Economics and the World Economy 50 undergraduate students Student evaluations: 4.8/5.0	Clark University 17.5 hours per week
2018	Teaching Assistant, Introduction to Statistics 40 undergraduate students Student evaluations: 4.8/5.0	Clark University 17.5 hours per week
2018	Instructor, Economics and the World Economy 30 undergraduate students Student evaluations: 4.8/5.0	Clark University 17.5 hours per week

2019	Teaching Assistant, Economics and the World Economy 50 undergraduate students Student evaluations: 4.9/5.0	Clark University 17.5 hours per week
2019	Instructor, Economics and the World Economy 30 undergraduate students Student evaluations: 4.9/5.0	Clark University 17.5 hours per week

Local Invited Presentations:

No presentations below were sponsored by 3rd parties/outside entities

2020	Prospective cohort study of a proof-of-concept method to monitor nursing stress in the emergency department before and after an operational change Artificial Intelligence/Machine Learning Symposium, Beth Israel Deaconess Medical Center
2020	Real-time machine-learning driven Covid-19 forecasting Invited research lecture Center for Healthcare Delivery Science Work-in-Progress Seminar, Beth Israel Deaconess Medical Center
2020	Real-time machine-learning driven Covid-19 forecasting Invited research lecture Department of Healthcare Quality Seminar, Beth Israel Deaconess Medical Center
2020	Reopening businesses and risk of Covid-19 transmission Invited research lecture Center for Healthcare Delivery Science Work-in-Progress Seminar, Beth Israel Deaconess Medical Center
2020	The effect of the Medicaid expansion on opioid prescribing rates and drug-related foster care removals Invited healthcare delivery science grand rounds Beth Israel Deaconess Medical Center

Report of Regional, National and International Invited Teaching and Presentations

No presentations below were sponsored by 3rd parties/outside entities

Regional

2019	The effect of naloxone access on opioid-related mortality Selected oral abstract 17 th Multidisciplinary Conference, Clark University, Worcester, MA
2019	The effect of naloxone access on opioid-related mortality Invited research lecture Economics Seminar Series, Fitchburg State University, Fitchburg, MA
2020	Real-time machine-learning driven Covid-19 forecasting Invited research lecture Massachusetts Health Data Consortium, Virtual Webinar

National

- 2019 The effect of a large-scale workfare program on child marriage in India
Selected oral abstract
International Union for the Scientific Study of Population Research Meeting, Ann Arbor, MI
- 2019 The effect of a large-scale workfare program on child marriage in India
Selected oral abstract
Southern Economic Association Annual Meeting, Fort Lauderdale, FL
- 2020 The effect of the Medicaid expansion on opioid prescribing rates and drug-related foster care removals
Selected oral abstract
Eastern Economic Association Annual Meeting, Boston, MA
- 2020 The effect of the Medicaid expansion on opioid prescribing rates and drug-related foster care removals
Selected oral abstract
American Society of Health Economists Annual Meeting, St. Louis, MO
This presentation was scheduled, but then cancelled because of a Covid-19 travel/meeting ban.
- 2020 The effect of the Medicaid expansion on opioid prescribing rates and drug-related foster care removals
Selected oral abstract
Southern Economic Association Annual Meeting, New Orleans, LA
- 2021 Analysis of filled naloxone prescriptions before and during the COVID-19 pandemic in the United States
Selected oral abstract
AcademyHealth Annual Research Meeting, Virtual
- 2021 Access to buprenorphine: evidence from telehealth waivers during the COVID-19 pandemic
Selected oral abstract
American Society of Health Economists Annual Meeting, Virtual
- 2021 Analysis of filled naloxone prescriptions before and during the COVID-19 pandemic in the United States
Invited Research Lecture
Opioid x COVID RDB Grand Rounds, COVID-19 Research Database, Virtual
- 2022 Access to Buprenorphine/Naloxone for Postpartum Women with Opioid Use Disorder during the COVID-19 Pandemic
Selected oral abstract
American Society of Health Economists Annual Meeting, Austin, TX
- International**
- 2021 Real-time machine learning-driven Covid-19 forecasting
Invited Keynote Speaker
Business & Economics Society International Conference, Virtual

Report of Scholarship

Peer-Reviewed Scholarship in print or other media:

Research Investigations

1. Horng S, Joseph J, Calder S, **O'Donoghue A**, Safran C, Nathanson L, Leventhal E. Assessment of unintentional duplicate orders by emergency department clinicians before and after implementation of visual aid in the electronic health record ordering system. *JAMA Network Open*. 2019;2(12):e1916499.
